

### Skincare Regimen:

This simple skincare regimen used morning and night will help your skin look and feel refreshed and healthy.

AM: Cleanse, tone, moisturize, protect

PM: Cleanse, tone, moisturize

Serums: Apply in AM or PM prior to moisturization

2-3 times per week: Exfoliate

Specialists as needed: Consult with your skincare professional

The at-home skincare program was developed to boost and supplement the results of your professional, customized Oxygen Botanicals™ facial treatments.

Oxygen Botanicals™ formulations are only available from professional skin care experts who have the ability to assess the overall condition of your skin and recommend a specific regimen for optimum skin health.

### The enrichment of botanicals

For thousands of years, botanicals have been recognized by many cultures for their restorative powers. The researchers at Oxygen Botanicals™ Laboratories have drawn upon a wide variety of rejuvenating botanicals to enrich these oxygen-infused products. Each formulation contains botanical extracts and vitamins that are scientifically chosen for the particular benefits that they contribute to your skin's health.

### Oxygen Botanicals™ Features:

- Pure, non-chemically derived oxygen
- Time-released advanced delivery system
- Water based formulas
- Pure, natural botanicals
- Non-synthetic fragrance
- No animal testing

## PERFORMANCE SKINCARE™

Healthy and youthful looking skin is worth the most attentive care. With Oxygen Botanicals™, you are providing yourself with the benefits of many years of research and development on products designed for ultimate performance. Oxygen Botanicals™ combines the finest ingredients into sophisticated and ultra-concentrated formulas that deliver exactly what they promise...appealing, vibrant and more youthful looking skin.

### Why is it different?

Oxygen Botanicals™ is the first skincare line infused with pure oxygen that is not chemically derived. Most oxygen product lines utilize hydrogen peroxide, which can bleach skin and facial hair and be drying to the skin. Oxygen Botanicals™ has developed a unique and proprietary process to stabilize and encapsulate pure oxygen into catezome structures (advanced liposomes) that time release oxygen and other nutrients to the skin. Twelve different sizes of catezomes disperse into the skin approximately every 45 minutes. With twice daily applications, Oxygen Botanicals™ formulations continually provide rejuvenating oxygen to your skin 24 hours a day leaving it more supple and healthy.

Diagram of catezome structure

### Advantages of using pure oxygen for skincare

As we age, our skin becomes less efficient at renewing itself. When you add the external effects of sun exposure, air pollution, diet and day-to-day stress, everyone's skin needs assistance. When skin is deprived of oxygen it shows. Breathe new life into your skin with Oxygen Botanicals™.

## Cleansers & Toners

**Makeup Remover (All Skin Types)** – Gentle, non-greasy formula. Safely removes makeup from the face and eyes. Leaves skin soothed and residue-free.

**Milk Cleanser (Normal/Dry, Combination/Oily)** – Gently and thoroughly cleanses the skin of dirt and oils. Helps maintain proper moisture levels.

**Deep Pore Cleanser (All Skin Types)** – 10% lactic acid deeply cleanses the skin. Balances excessive oiliness without drying the skin.

**Specialty Foaming Gel Cleanser B (Combination/Oily)** - Gentle formulation helps to clear skin, minimizes the appearance of blemishes, and improves overall skin tone.

**Gel Toner (Normal/Dry, Combination/Oily)** – Reestablishes the skin's natural pH. Soothes skin, leaving it freshened and invigorated.

## Moisturizers

**Day Cream (Normal/Dry, Combination/Oily)** – Rich, non-greasy formula replaces essential moisture to the skin.

**Night Cream (Normal/Dry, Combination/Oily)** – Nourishes and deeply hydrates the skin at night when it is most receptive. Relaxes and soothes the skin.

**Anti-Oxidant Cream (All Skin Types)** - Counteracts free radical activity with Catechins, potent anti-oxidants, to recondition and protect the skin.

**Super Hydrating Cream (Normal/Dry)** - Restores a youthful and healthy radiance to problem and mature skin. Non-greasy and emollient formula deeply hydrates and prevents moisture loss.

**Eye Cream (All Skin Types)** – Light, velvety cream infuses essential moisture to the skin.

## Specialty Serums

**Vitamin C Serum (Normal/Dry, Combination/Oily)** - 18% L-Ascorbic Acid in a non-oil base with skin firming and anti-oxidant properties. Hydrates without leaving skin feeling tacky.

**Specialty Serum W (All Skin Types)** - Reduces the appearance of fine lines and wrinkles. Improves skin's texture, hydration, tone and firmness.

**Specialty Serum S (All Skin Types)** - Balances out the skin's natural pH level as it soothes and hydrates. Helps alleviate the appearance of redness and dryness caused by rosacea, couperose and sensitive skin.

**Specialty Serum H (All Skin Types)** - Restores normal color and texture. Diminishes the appearance of age spots, pigmentation, freckles and blotchy skin.

**Specialty Serum B (Combination/Oily)** - Controls blemishes and exfoliates. Renews skin clarity, texture and reduces the appearance of redness.

**Eye Serum (Gel) (All Skin Types)** - Soothing and cooling gel that diminishes the appearance of fine lines, crow's feet and eye puffiness.

## Specialists

**Total Sun Protection SPF 30 (All Skin Types)** – Non-greasy, physical block with micronized titanium dioxide providing excellent broad-spectrum UVA and UVB protection. Pleasant green apple fragrance.

**Exfoliant (All Skin Types)** – Jojoba beads gently buff away dead surface cells to reveal refreshed, smooth skin.

**Multi-Fruit Acid Refiner (All Skin Types)** - Six alpha-hydroxy acids formulated to dissolve top corneum cells without irritation for vital and healthy looking skin.

**Hyaluronic Hydrating Gel (All Skin Types)** - Hydrates skin with 30% Hyaluronic Acid, which has the ability to bind and retain many times its weight in water. Alleviates effects of severely dry to dehydrated skin leaving it soft and smooth.

**Specialty Cream B (Combination/Oily)** - Helps to exfoliate dead skin cells, clears pores, controls blemishes while it reduces the appearance of redness.

**Hydrating Mask (Normal/Dry, Combination/Oily)** - Re-hydrates and improves skin's suppleness leaving it revived and refreshed with a velvety texture.

**Lip Treatment (All Skin Types)** - Provides necessary moisture leaving lips soft, supple and fuller looking.

**Body Contouring Cream (All Skin Types)** - Revitalizes and nourishes the skin for a smoother more contoured looking appearance.

**Body Firming Cream (All Skin Types)** - Helps to firm and hydrate the skin. Contains multi-fruit acids that are time-released to provide thorough exfoliation.

**Hand Cream (All Skin Types)** - Emollient formulation penetrates well, re-hydrates and nourishes dry skin.
